

Switch Adapted Carwash!

COMBINE THE POWER OF A POWERLINK WITH A HAIR DRYER & WATER PIC FOR A FUN TRIP TO THE CAR WASH!

Hair Dryer or Fan

Toy Cars

Water Pic

PowerLink & Switch

01

Set up your "wash station". Position your cars so they will be hit with the spray of water*

02

Set up your "dry station". Position the hairdryer so that the airflow hits the cars.

03

Plug your water pic and hair dryer into the Powerlink

04

Power on your hairdryer, choose a mode on the Powerlink, hit the switch & wash those cars!

Sparkle & Shine!

**Choose your washing area wisely, the area will get wet! Using a sink, plastic bin, or lots of towels!*

Pro Tip

This is a great activity to teach two switch use or to work on cooperative play. To increase comprehension, label switches with their intended action (wash or dry) using words or pictures of the fan/ water pic. During peer play encourage communicative exchanges such as "your turn".
